Message from Inspector Symonds

Our Response and Safer Neighbourhood Teams have made some excellent arrests this month, including a group suspected of committing some burglaries. Work is ongoing with this, but it is always worth a reminder to ensure your doors and windows are locked, and your vehicles and sheds are left secure in order to deter them. However our crime rates still remain low in the area. I am also pleased to report that some recent Anti-Social Behaviour work has managed to resolve some issues in the area, which has demonstrated that as soon as calls are made to us to report issues, the issues can get gripped very well. We welcome any future reports, so we can look into any issues and problem solve them with our partners – including schools, housing providers, our Operational Partnership Team and the local councils.

This month the Safer Neighbourhood Team have taken time to analyse the results from some recent public surveys. These were completed by people who have attended our recent public meeting and any street surgery / engagement event. It is good to see that generally there is a positive view around policing in this area, but we are always looking for different ways we can improve what we do. You will see some more engagement events advertised soon and it would be great to increase our sample size to make the results more relevant, and so we can publish the findings – so please keep any eye on our Twitter @Southnorpolice.

What is happening in your area

Message from your Beat Manager Pc Barkway

Over all a successful month with a number of Speed Enforcement Sessions conducted in and around Long Stratton with at least one car seized for no insurance, along with some proactive drugs actions and some successful arrests for a domestic burglary series. Local meetings have been conducted between police, parish councils and members of the public in which priorities have been identified.

Speeding, which is one of the fatal four has been identified as one of the most concerning issues in the community over and above all others. We value the support of the Special Constabulary, the Neighbourhood Policing Team, our 24/7 Response Teams and volunteers who work tirelessly to provide this service.
