Dear Sir/ Madam,

Scheme title: A140, Norwich Road, Long Stratton
Type of work: Carriageway resurfacing
Temporary road closure: From Monday 18 May 2026.

I am writing to let you know that essential carriageway resurfacing work along the A140 Norwich Road, at its roundabout with Hempnall Road to its roundabout at the north of the new Long Stratton Bypass, is due to start on Monday 18 May 2026. This work is programmed to be carried out over 5 nights (weather permitting).

It will be necessary to temporarily close the road overnight between 20:00 and 06:00 throughout this period to carry out the work safely. Norfolk County Council apologises for any inconvenience during this time.

Access to properties within the closure will be maintained throughout, although there may be occurrences where there may be unavoidable delays due to the nature of the works. Site staff will be working to keep any delays to a minimum and will escort emergency vehicles through the works where necessary.

A public information notice will be issued prior to the commencement of works in addition to advance warning signs positioned on site at least one week before the works start.

I accept that the works may cause some unavoidable inconvenience, but should you have any specific access requirements during these dates, please let me know and Norfolk County Council will accommodate where applicable.

If you have any queries, please do not hesitate to contact me.

Yours sincerely

Tom Linford
Highways Engineer
ENCL
